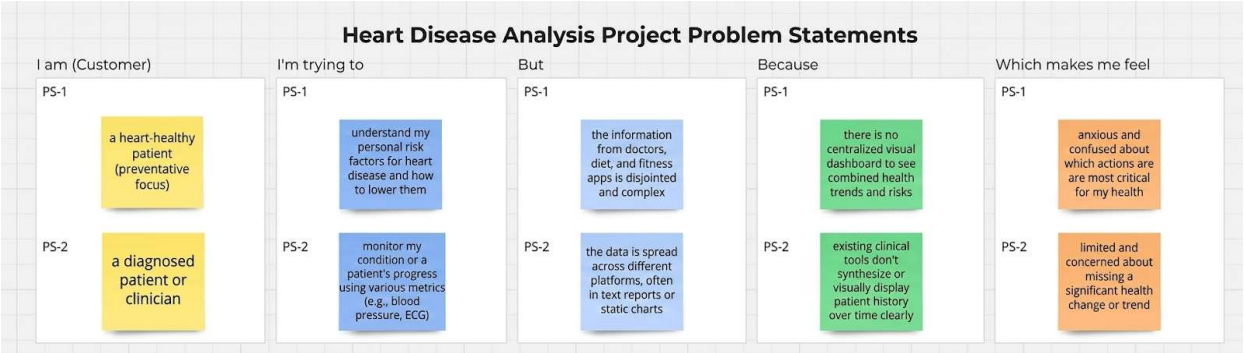
Customer Problem Statement:



Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	a high-risk patient	understand my personal risk factors and how to lower them	the medical jargon in my test results is overwhelming	I lack a simple, visual way to see how my lifestyle (diet, exercise) affects my heart health	**anxious and powerless** about my long-term health
PS-2	a cardiologist / clinician	identify which patients need urgent intervention or screening	need urgent intervention or screeningI have to manually scan through hundreds of static EHR records	there is no automated tool to prioritize patients based on predictive risk scores	**overwhelmed and worried** about missing a critical diagnosis
